****When you vote the first time online you must REGISTER your email address. We have found a couple of quirks with the system. If you do not want to register using facebook, in the name space there is a "x" in the right hand corner. Click on this to clear the registration form. Then fill out form. Make sure your phone number begins with a 1 and cannot have any spaces or characters. ie: 15168187103.

Also make sure your password has at least 8 characters.

After you register you then click on Login, enter email and password, Hit PLAY category, type Miller Avenue for keyword, find our nomination and vote.

This sounds like a lot but once you are registered it takes 22 seconds a day.
