

Sex Offender Notifications

In order to provide parents/guardians and residents with information concerning convicted sex offenders who are living in this district, our school district is now benefiting from a new no-cost sex offender alert notification program. Parents For Megan's Law (PFML) will e-mail District residents who have registered, informing them of any new sex offender's presence and directing them to their website to access a full copy of the notification. If you have not already registered to receive current or future sex offender notifications, please contact the Parents For Megan's Law Helpline at (631) 689-2672 or go to the [Parents For Megan's Law Website](#) and click on the "E-Mail Alert Programs" link.
